

VACANCY TEXT FORMAT

COMPANY NAME	LBS Conveyor Belts BV
TITLE VACANCY + POSITION	<i>Trainee Logistics Management (Lean Six Sigma)</i>

Give a short description of your company	LBS Conveyor Belts is a growing international company in Emmen specialising in rubber and plastic conveyor belts. The company currently employs almost 100 people.
------------------------------------------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------

Provide a description of the vacancy and what skills are required <i>or</i> , in the case of an internship and graduation project, what the end product should be.	<p>Through your fresh perspective as an intern, you can help the company to optimise its processes. This allows you to take the company to a higher level. Everyone's opinion counts in this company, including yours! A cup of coffee and a chat with your colleagues is something you start the day with.</p> <p>Do you like to analyse production processes and look at them with your fresh eyes? Can you also use your enthusiasm to convince the employees of the usefulness of your ideas? Then this is certainly a suitable internship for you. During your internship day, there are of course scheduled breaks during which we eat and relax together. One of the ways we do this is by playing table football or darts.</p>
--------------------------------------------------------------------------------------------------------------------------------------------------------------------	----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------
